

Achievement of Construction

JRTT continues to construct urban railways, Shinkansen lines and other integral elements of the national transportation system.

Prominent Railway Construction Efforts

Over the 50-plus years since the establishment of the Japan Railway Construction Public Corporation (JRCC)—the predecessor to JRTT—in 1964, we have constructed a total length of roughly 3,640 km on 118 railways, including the Hokkaido Shinkansen between Shin-Aomori and Shin-Hakodate-Hokuto and other Shinkansen lines, the Tsugaru-Kaikyo Line, JR lines, private railways, and subways entrusted to us by local governments and others. Over that period, we have received many awards from domestic and international organizations alike.

Kyushu Shinkansen
● Awards: Japan Society of Civil Engineers Outstanding Civil Engineering Achievement Award (2011), others

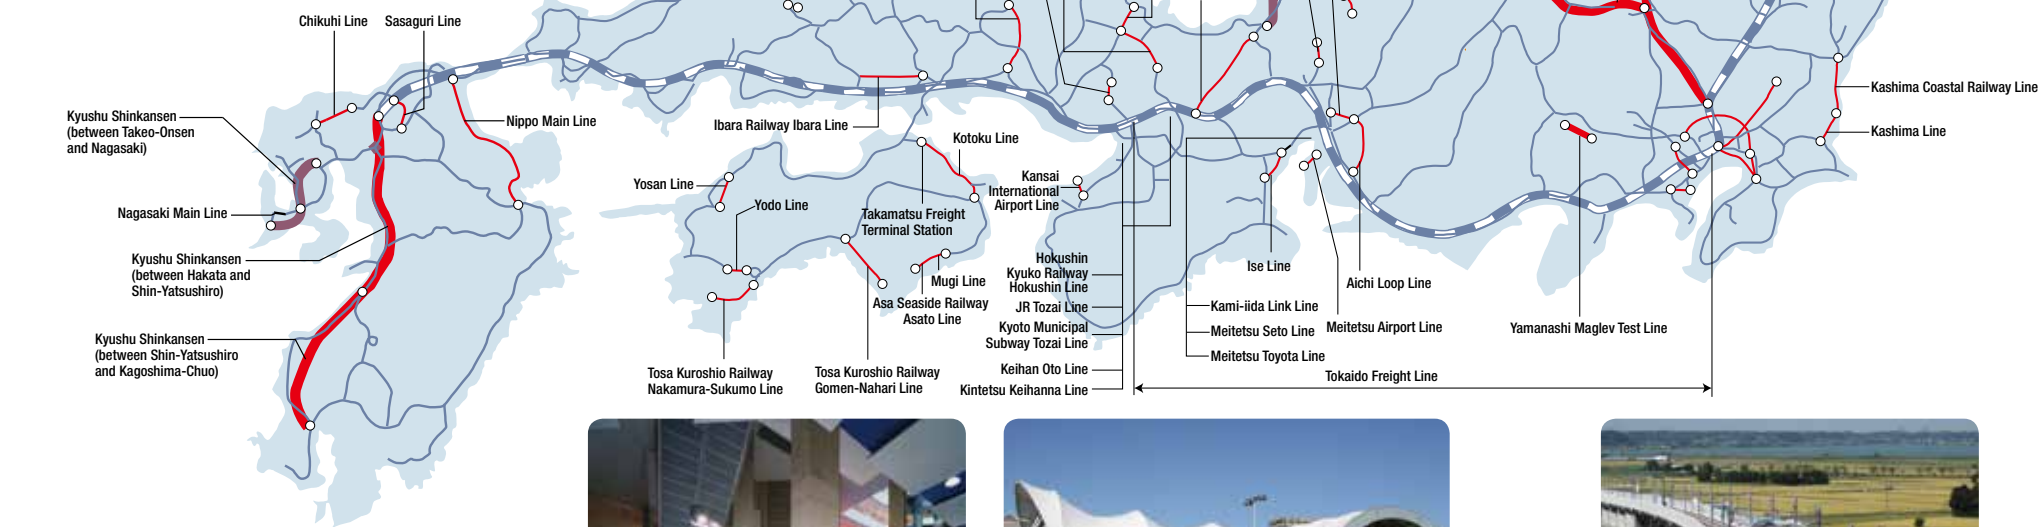

Hokuriku Shinkansen
● Awards: Japan Society of Civil Engineers Outstanding Civil Engineering Achievement Award (2015), others

Joetsu Shinkansen
● Awards: Japan Society of Civil Engineers Outstanding Civil Engineering Achievement Award (1980), others

Hokuriku Shinkansen (between Nagano and Kanazawa)
● Awards: Japan Society of Civil Engineers Outstanding Civil Engineering Achievement Award (1980), others

Lines Constructed by JRTT	Existing Lines
— Shinkansen lines in operation	— Shinkansen lines
— Shinkansen lines under construction	— Conventional lines
— Conventional lines in operation	
— Conventional lines under construction	
— Conventional lines JRTT has been commissioned to construct	

Minatomirai Line
● Awards: Brunel Award (2005), others

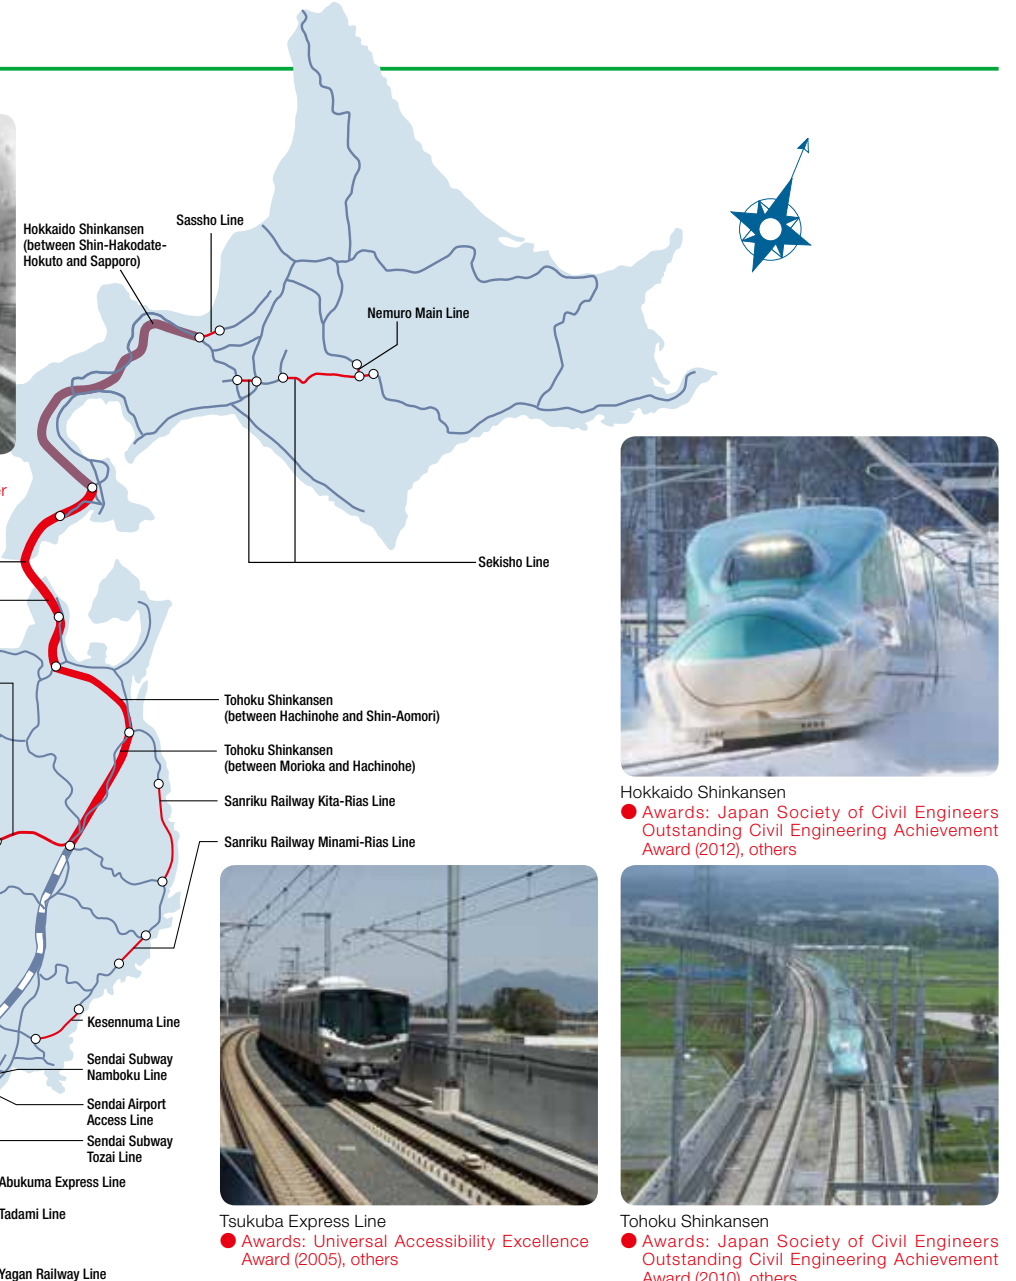

Rinkai Line
● Awards: Association of Railway Architects Ministry of Transport Railway Bureau Director-General Award (1996), others

Narita Rapid Rail Access Line (Narita Sky Access Line)
● Awards: Japan Society of Civil Engineers Outstanding Civil Engineering Achievement Award (2010), others

Tsugaru-Kaikyo Line (Seikan Tunnel)
● Awards: Commendation by the Prime Minister (1987), others

Hokkaido Shinkansen
● Awards: Japan Society of Civil Engineers Outstanding Civil Engineering Achievement Award (2012), others

Tsukuba Express Line
● Awards: Universal Accessibility Excellence Award (2005), others

Tohoku Shinkansen
● Awards: Japan Society of Civil Engineers Outstanding Civil Engineering Achievement Award (2010), others
